

Here are some activity ideas for this half a term. All activities can be adapted according to the children's age and abilities. We work closely with the EYFS and teaching staff and will also assist children in achieving their next steps through activities and free play. Even though we plan a daily activity, we will adapt and carry out spontaneous activities and children can also choose from a variety of toys and resources to take part in depending on their daily interests, including construction toys, small world, role play, physical activities, homework assistance and so much more.

This is me

My emotions/
feelings

Family

Autumn Term 1
All about me

My
superpowers

My house

People
who help
us

Being
healthy

Bodies
