

CLASS 3 NEWSLETTER

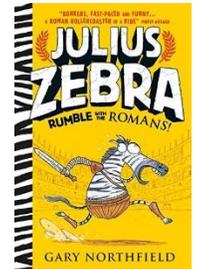

Welcome back!

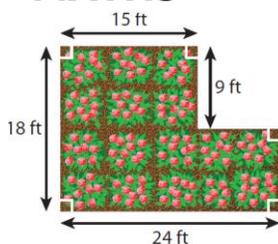

I hope you all feel well rested and excited for another half term in Class 3!

ENGLISH

In English, we will be looking at instructions linked to our DT project and healthy eating, as well as an explanation which links to our science topic and a narrative that links to our history topic...Romans! We will be working on our key skills in grammar and punctuation as well as our spelling and handwriting. In reading, we will be working on our comprehension skills, in particular our understanding new and rich vocabulary as well as developing our ability to infer. Our class text for this half term is 'Julius Zebra – Rumble with the Romans' by Gary Northfield.

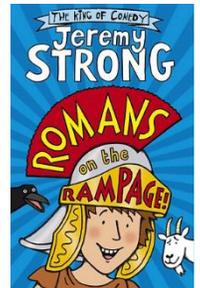

MATHS

In mathematics, we will be working on our skills for the four number operations. We will also continue to work on our recall of times-table facts up to 12 x 12. It would be great if you could encourage the children to continue to work on these at home using Times Table Rockstars. We will also be doing some cross-curricular maths on length and perimeter towards the end of term.

TOPIC

Our topic for this term is 'Centurions Here' which is an engaging topic for the children to explore! We will be learning all about The Roman Empire, Boudicca's Rebellion and Hadrian's Wall.

In Science, the children will begin to look at healthy eating, the digestive systems and the function of our teeth, which links to our DT project on making a traditional, Italian, recipe. There will also be opportunity for Class 3 to design their own front cover for a fictitious cookbook for Marcus Rashford after we have learnt about the amazing, charitable work he did during the pandemic.

Our music ability this half-term will develop, the results of which will be visible when you come visit us in our Christmas performance!

Our PE sessions will be on a Thursday afternoon with our P.E. coach and on a Friday afternoon with the class teacher. All of our lessons this half term will be focused on Gymnastics.

Please continue to encourage your children to read on a regular basis at home and we will send some further information about homework projects that you can take part in if you choose. If you have any questions or worries, please do not hesitate to speak to us – we are more than happy to help!

Many thanks,

Miss Kirk and Mrs Lakin.
